# WELCOME

We are proud to present our brand-new catalog, the result of a successful 2024 in which we committed ourselves with passion and focus to what we have been excelling at for over 40 years: crafting high-quality textiles and creating tailor made Custom Made solutions.

Our unwavering focus on **innovation, sustainability, quality**, and customer-centricity remains at the core of our operations, with our brands—Nilton's, Sophie Muval, Brickstone, and 4you—standing as the pillars of our success. We take great pride in our brands, which are the focal point of this brochure.

**Nilton's** offers top-tier headwear and winter products. **Sophie Muval** shines with an extensive range of towels and wellness collections, complemented by diverse customization options. **Brickstone**, known for its safety jackets and aprons, now boasts its own professional apparel line, available for direct delivery in blank form or customized in our in-house production facilities. A unique feature is that this apparel line can be fully Custom Made.

With the introduction of **Black Spider** and **Sprintex** collections, we complete our textile offering.

Across all our brands, we are introducing a growing range of sustainably produced items.

The **4you** line has been expanded with new easily customizable (sustainable) products. Keep an eye on our line for regular new additions. Prefer a fully **Custom Made** product? That's possible! Our team of Custom Made specialists is ready with advice and creativity to craft your most unique item, supported by a loyal and reliable network of suppliers.

Innovation is also reflected in our processing techniques. Discover our unique methods, such as embossing on textiles, glow-in-the-dark thread, reflective thread, neon-colored thread, laser engraving, and rubber badges. Our in-house production facilities, DOT in Enschede and Pure Promotional in Romania, enable us to maintain short delivery times without compromising on quality and customer satisfaction.

**We look forward to an innovative and successful 2025, with partnership and collaboration with our customers at its heart.**

# 'Always customised advice'

To combine knowledge, experience (> 20 years) and creativity, we created '**team Custom Made**' in early 2022. As a result, we have an excellent knowledge transfer and can easily switch and spar with each other. With this team, we join forces in order to meet our clients' requirements faster, more accurately and more purposefully. Our objective: '**Always customised advice**'.

With a dedicated contact person, you benefit from the knowledge of the entire team.

Team Custom Made works on the basis of **3 THOUGHTS**:

- 1. DIRECTLY RELATING** TO OUR ASSORTMENT
- 2. INTERFACES** WITH OUR ASSORTMENT
- 3. COMPLETELY OUTSIDE** OUR ASSORTMENT

**CONTACT US:**

**INFO@ARACO.NL**

**+31 (0) 53 430 52 55**

**ARACO.CO.UK**

# 1. DIRECTLY RELATING TO OUR ASSORTMENT

- Complete own design
- Own colours
- Unlimited processing possibilities
- Flexibility in quantities (small quantities in own design, large quantities for projects)
- Competitive pricing
- Additional possibilities for packaging etc.

*Custom made*

## 2. INTERFACES WITH OUR ASSORTMENT

*Custom made*

- Custom options with existing suppliers who also supply our stock
- Existing lines of communication with suppliers
- Security through knowledge and experience of existing suppliers
- More possibilities than our standard range

### 3. COMPLETELY OUTSIDE OUR ASSORTMENT

- Plenty of possibilities outside the standard expectation pattern
- Sourcing on demand
- 100% tailor made
- Quick response
- Looking further where others stop

*Custom made*

#### FOR ALL THREE THOUGHTS:

- Good price/quality ratio according to customer needs
- Flexibility in terms of delivery times through transport (air, rail, road, sea)
- Possibility of orienting production elsewhere (Far East and Europe)
- Complete outsourcing (from development/completion/financing/transport) from beginning to end

# NILTON'S

Known for its wide and high-quality range of headwear and various winter items. They are garments you want to wear every day because they feel so nice and comfortable. When they "run out" you just want another Nilton's. The quality and fit are always right.

Nilton's stands for solidity and security, in which durability has a double meaning; frequent and long-term use and an ever-growing sustainably produced range.

# GIVE YOUR PRODUCT ITS OWN *unique* look!

## EMBROIDERY

Give an added perception of quality to your product with a beautiful embroidery. High-quality thread and high-speed sewing machines are used to embroider your logo. We calculate the cost of embroidery based on the required number of stitches, keeping costs low. We can embroider as many as 12 colours.

- EMBROIDERY IN UP TO 12 COLOURS
- HIGH QUALITY THREAD

## PU LABEL

Give your hat or cap a chic look with one of our PU labels. You can choose from different colours and sizes, always creating a unique and eye-catching business gift. The PU labels can be personalised with laser engraving or a transfer.

- MULTIPLE EDITING OPTIONS
- VARIOUS FORMATS AND COLOURS
- EYE-CATCHING AND UNIQUE

## TRANSFER

The most colourful images can be printed on a wide range of products, such as caps and bags, using this method. Using glue and a heat press at temperatures around 140 degrees, the print is transferred to the product.

- DETAILED LOGOS AND IMAGES

## WOVEN LABEL

Perhaps the most subtle editing for brand promotion: the woven label. The label (10 x 1.5 cm) is woven entirely to size with polyester thread. You can choose up to 4 colours. The size of your statement is produced at 3.3 x 1 cm. Available in the rectangular version, ideal for articles with a cover. There is also a square version measuring 5 x 5 cm.

- UP TO 4 COLOURS
- VARIOUS FORMATS

# SUSTAINABILITY

For several years now, you can see a change in the mindset of European consumers. The product no longer has to be as cheap as possible, but increasingly a socially responsible product is expected. We as Araco find it important that our clients can give away or sell products with a responsible feeling. We are therefore affiliated to Amfori BSCI (Business Social Compliance Initiative), this organisation ensures continuous improvement for working conditions and processes where minimum guidelines have been established. About 70% percent of Araco's suppliers are already affiliated to this.

Besides corporate social responsibility, Araco focuses on its product range to make its standard products more sustainable or offer a sustainable alternative. We find it important despite the promotional sector, that we deliver products with a longer user life than just one time. This way, the product's lifespan can be extended.

# Sophie Muval

## WELLNESS COLLECTION

A rich bathing experience requires a certain quality. The luxurious feeling of a thick towel or comfortable bathrobe is priceless. Wellness is about feeling good. Every Sophie Muval product enriches your experience through softness, warmth and radiance. Whether in a spa, after exercise or for indoor use.

Our conviction with Sophie Muval is that high-quality, durable quality does not have to be expensive but does add a lot to your moment. A fulfilled feeling you want to experience again and again.

# GIVE YOUR PRODUCT ITS OWN *unique look!*

## EMBROIDERY

Give an additional perception of quality to your product with a beautiful embroidery. High-quality thread and high-speed sewing machines are used to embroider your logo. We calculate the cost of embroidery based on the required number of stitches, to keep the costs low. We can embroider up to 12 different colours.

## TRANSFER

The most colourful images can be printed on a wide range of products such as caps and bags using this technique. Using glue and a heat press at temperatures of around 140 degrees, the print is transferred to the product.

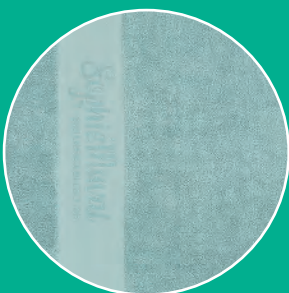

## JACQUARD

A durable and strong operation, because your design is literally woven into your towel. As big or as small as you wish. Jacquard weaving is always possible with two colours. If you want more colours, please contact our Custom Made specialists.

## RELIEF UNICOLOUR JACQUARD

Using short and long terry cloth loops, the design of your logo is woven into the towel. The height difference of the loops creates the design. This makes your design less shrill, giving the towel a calm and chic look. Relief weaving is always in the colour of the towel itself (ton sur ton).

## JACQUARD BORDER

Subtle yet striking. We only weave your design into the band / border. The rest of the towel remains original. Choose a chic tone-on-tone look or go for a striking design with multiple colours.

## **NEW** EMBOSSING ON CLOTHING

Give your hoodie or sweater a unique, luxurious touch with our new embossing option! Embossing adds a subtle and stylish raised texture to the fabric, perfect for a premium look and quality. Explore the possibilities to elevate your designs to the next level!

- IDEAL FOR CLOTHING
- FLEXIBLE AND FAST DELIVERY
- ALWAYS COMPETITIVE PRICES

**NEW**

## EMBOSSING

To literally make an image stand out and create a vivid 3D appearance, the design is printed onto a thin material with force and heat. We often use this process for leather items. The new PU labels are ideal for this technique. This gives every item an elegant look.

- 3D PRINTING
- IDEAL FOR PU LABELS
- HIGH QUALITY PRINT

Read more   
about embossing

## EMBROIDERY

Give an added perception of quality to your product with a beautiful embroidery. High-quality thread and high-speed sewing machines are used to embroider your logo. We calculate the cost of embroidery based on the required number of stitches, keeping costs low. We can embroider as many as 12 colours.

- EMBROIDERY UP TO 12 COLOURS
- HIGH QUALITY THREAD
- FLEXIBLE AND FAST DELIVERY
- ALWAYS COMPETITIVE PRICES

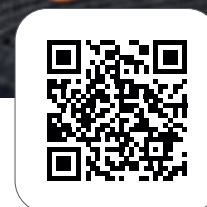

Read more  
about embroidery ↗

## TRANSFER

The most colourful images can be printed on a wide range of products, such as caps and bags, using this method. Using glue and a heat press at temperatures around 140 degrees, the print is transferred to the product.

- DETAILED LOGOS AND GRAPHICS
- FLEXIBLE AND FAST DELIVERY
- ALWAYS COMPETITIVE PRICES

Read more  
about transfer ↗

## LASER ENGRAVING

If you want a luxurious look with the PU Label on your cap or hat, opt for laser engraving. Because the laser engraving machine is controlled by a computer, it is possible to laser relatively small designs onto the labels. The colour is determined by the colour of the chosen PU label. The design is burned into the material, so to speak, so the underlying layer becomes visible.

- DETAILED LOGOS AND IMAGES
- LUXURIOUS LOOK
- FLEXIBLE AND FAST DELIVERY
- ALWAYS COMPETITIVE PRICES

## PU LABEL

Give your hat or cap a chic look with one of our PU labels. You can choose from different colours and sizes, always creating a unique and eye-catching business gift. The PU labels can be personalised with laser engraving, blind embossing or a transfer.

- MULTIPLE EDITING OPTIONS
- VARIOUS FORMATS AND COLOURS
- STRIKING AND UNIQUE

Read more  
about PU labels ↗

## WOVEN LABEL

Perhaps the most subtle editing for brand promotion: the woven label. The label (10 x 1.5 cm) is woven entirely to size with polyester thread. You can choose up to 4 colours. The size of your statement is produced at 3.3 x 1 cm. Available in the rectangular version, ideal for articles with a cover. There is also a square version measuring 5 x 5 cm.

- UP TO 4 COLOURS
- VARIOUS FORMATS
- SUBTLE PRINT

## RUBBER BADGE

Eye-catching, sleek and modern. These are the characteristics of a rubber badge. Design your logo in up to 4 colours. Available in a square (5 x 5 cm), rectangular (7.8 x 3.6) and round (5 cm) version. In terms of print size, keep approximately 1.5 cm less. The badge is sewn onto the article. Suitable for hats and garments.

- UP TO 4 COLOURS
- VARIOUS FORMATS
- STRIKING, SLEEK AND MODERN

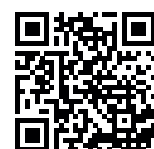

## PAD PRINT

This method is used on items that are too small for screen printing. Using a silicone pad, ink is printed from an etched printing plate onto the desired product. This technique is often used for sunglasses.

- IDEAL FOR SUNGLASSES
- FAST AND FLEXIBLE DELIVERY
- ALWAYS COMPETITIVE PRICES

Read more  
about pad print ↗

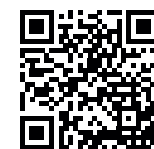

## SILKSCREEN PRINT

Commonly used printing technique. By placing a screen printing frame on top of a product, you can use a squeegee to press the ink through the fine mesh of the frame, transferring your print onto your product. This technique is often used on items such as beach balls, bags and ribbons used for straw hats.

- FLAT ITEMS
- FLEXIBLE AND FAST DELIVERY
- ALWAYS COMPETITIVE PRICES

Read more about  
silkscreen print ↗

## SUBLIMATION

With this method, your image is first printed on paper and then transferred to the textile product with appropriate heat and pressure. The heat rays, sublimation paper and special ink allow you to print full colour on a large surface area.

- FULL-COLOUR PRINT
- PHOTOGRAPHIC IMAGE QUALITY
- SUITABLE FOR STRETCHY MATERIALS

## GLOBAL ORGANIC TEXTILE STANDARD (GOTS)

Organic cotton is our top priority! Organic cotton stands for environmentally conscious processing, fewer harmful substances and better working conditions. With the GOTS certification, we want to make all this possible. The organisation called "Global Organic Textile Standards" (GOTS), applies strict ecological criteria for the entire production chain. All products with the GOTS seal must consist of at least 70 per cent organically produced natural fibres. Chemical substances in textiles must meet certain environmental and health compatibility criteria and the minimum criteria of the International Labour Organisation (ILO) must be observed.

## GLOBAL RECYCLED STANDARD (GRS)

The Global Recycled Standard (GRS) is an international label for recycled textiles. The label indicates that one or more material types of textile products consist of at least 50% recycled material. In addition, the hallmark sets various other requirements, including with regard to the use of water, chemicals, energy and wastewater discharge. There are also strict guidelines regarding working conditions, safety and staff training levels.

At Araco, we strive to minimise the environmental impact of our products. The Global Recycled Standard seal of approval concludes our commitment to sustainable

Member of amfori, the leading global business association for open and sustainable trade. We improve the environmental performance of our supply chain via amfori BEPI. For more information visit [www.amfori.org](http://www.amfori.org)

## BSCI AMFORI

Amfori is a trade organisation focused on transparent and sustainable trade. Our vision coincides with Amfori's, and that is a world where all trade brings social, environmental and economic benefits to our partners. Hence, Araco joined Amfori's Business Social Compliance Initiative in August 2013.

Through participation in Amfori BSCI, we are doing our bit to ensure a responsible future and good quality working conditions worldwide. The aim of the initiative is to ensure that a clearly identifiable improvement in working conditions can be demonstrated at suppliers in high-risk countries, meeting at least the established ten basic conditions of the Code Of Conduct. This Code of Conduct can be read on our website!

## OEKO-TEX

The Oeko-Tex seal is one of the best-known quality certificates in the textile sector in Germany. It is important for us to run our company in a responsible manner, and with the Oeko-Tex seal we want to guarantee that our products are produced in an environmentally conscious manner. At the same time, certification allows us to guarantee that our products are manufactured free of harmful substances and therefore do not pose a risk to end users.

Many of the suppliers we work with are Oeko-Tex certified. To be even more environmentally conscious as a company in the future, we aim to increase the number even further in the coming years. A better future for the environment and our fellow man - with Oeko-Tex we want to make that possible!

## PROMOTIONAL PRODUCTS PROFESSIONALS

Promotional Products Professionals (PPP) is the Dutch trade association for companies supplying promotional products, corporate gifts, Christmas gifts and related services. PPP is the socially recognised representative for this industry and discussion partner to and from stakeholders.

PPP's policy focuses on professionalising the industry, developing and disseminating professional knowledge and Corporate Social Responsibility (CSR). PPP is committed to raising awareness about the effectiveness and return on investment of promotional products and that they are better used as fully-fledged marketing media.
